Legislative Survey Results

State Representative
Kevin Witkos

Dear Neighbor,

Thank you for taking the time to fill out and return my survey this session. Your thoughts and opinions are very useful to me because they guide my votes as I represent our district in the legislature.

As promised, the survey results have been furnished to you, the participants first. I hope that you find them as interesting as I did.

After the legislative session comes to a close, please consider checking the Connecticut General Assembly website to find out what bills have become law at www.cga.state.ct.us
We're making Connecticut laws more accessible to you.

Best wishes,
